- **Review Minutes from 2/21/18 - Minutes approved**

- **Follow up with Ryan Gotto**

Ryan shared an online only course (Online Assessments) with three components: instructional videos with creation of assessment, assessment and data collection within classroom, and reflection on learning. This course requires teachers to implement a plan within their classroom.

We will pilot two courses in the fall with differing formats, with a limit of 30 participants in each course. Ryan will be able to count the two workshops he's teaching as part of his four workshops. He will be paid two hours of prep for each course.

- **Review instructor numbers-22 instructors-offering 64 workshops**

These numbers are down from previous years

August 15th - 18 people indicated willing to teach a workshop that day. Workshops will be held at the high school.

- **Summer courses**

Cognitive Coaching Days 1-4- June 7th, 8th, 11th, 12th, 2018 from 8:30-3:30 Days 5-6 on August 9th and 10th

High School Cadre is interested in knowing:

- **Number of workshops offered vs. cancelled with HS instructors for 2017-2018**

As of 3/21/18 6 HS workshops have been cancelled because they had less than 4 participants
The number of HS workshops offered/held so far is 34 (5 more are scheduled this spring and currently have enough enrollment so they wouldn't be cancelled)

- **Current HS instructors offering workshops for 2018-2019**

- **Do we (at HS) need to recruit more instructors/offerings?** You currently have 10 instructors signed up from the high school as of 3/22/18 (we only have around 22 instructors so far and 64 workshop offerings? K-12 so we all need to recruit more.- Debra)
