* Group 'A' and Group 'B' students MUST be on-site for scheduled exams unless given options in specific classes but students do not have to be on campus at any other times during finals. Online-only students will take online exams.

* Busses will run at normal times during Finals Week.

* Teachers have flexibility with this schedule as the goal is to help prepare students to do well by providing the time for preparation and RTI as necessary:

Variations may include...

'Block' class exams may use both periods for an exam. Students taking a two-period exam will not be released until the second exam period ends.

Students may have a regular class session or RTI/Study Session for the entire class on the Group 'A' on-site day with the exam on the Group 'B' on-site day or vice versa.

Exams may be either in-person or online for Hybrid Groups. Exams will be online for Online-Only students.

Students determined to be at a '4' on all Priority Standards 'may' be excused from a final exam, not 'will'. This is a course decision. Expect you will take the exam.

Teachers may have students only take finals on Priority Standard segments that are below '4'. Again, 'may', not 'will'.

Weather Contingency if not able to be on-site because of weather: Exams will then be online-only, as possible, for weather reasons. Individual classes may have specific contingency plans for completing exams if weather dictates.
