### Then and Now

Life is not the same as it was long ago! Long ago, a family had to make a fire for heat. Now we have heat and light in homes. Long ago, a family would grow food on a farm. Now we can shop for food at a store. Long ago, it was hard to get around. Now we drive a car or ride in a bus or plane. Long ago, friends would play games like tag. Now friends play games that you plug in. What will life be like a long time from now? Will life be the same or change? Think about it.
